

## Portrait Photography

### Session Fees for Individual or Family Portraits: \$150.00

The creative session fee includes location research, a variety of poses, and Preview Folio selection online. The session includes up to 1.5 hours coverage. Get additional time for \$50 per half-hour. The session fee is due at time of booking and serves as a deposit to secure your portrait date. We will refund your deposit if we receive cancellation notice 15 days prior to scheduled date. For those more adventurous, we specialize in hiking to an out-of-the-way, scenic location. Call or write for custom quotes. Model releases are required for all portraits.

### Family Reunion Coverage

We photograph family reunions in a journalistic style with services charged at \$400 per hour with a one-hour minimum. If conditions allow, we will make a posed family portrait. We provide a Preview Folio online for family members, with custom prints available in units as described below.

### Preview Folio

We color balance your image files by hand and often present an assortment with artistic options, including use of selective coloration, black and white conversion or sepia toning. An online folio of at least 24 - 4x6" color or black & white previews will be ready online within one week of your session date.

### Custom Prints

Combine different units, as described below, to create your own **customized package**. All packages include a disk of selected photos in file sizes ideal for sharing via e-mail and online.

Order your custom prints in units online or by calling James Frank Photography. Pricing for prints larger than 8x10" is available upon request. **A minimum print order of \$250 is required.**

#### Each of the following represents ONE unit:

1 - 8x10	3 - 5x7's	4 - 4x6's	6 - 3.5x5's	12 - wallets
